

Operational Practice Documents at JANOG

JANOG chair

Seiichi KAWAMURA

kawamucho at mesh.ad.jp

ops documents at JANOG

- JANOG comments (works by the community in general)

- first one published in 2005
- 6 documents on filtering at edge routers
- 1 document in English version

<http://www.team-cymru.org/ReadingRoom/Templates/IPv6Routers/xsp-recommendations.html>

- Documentation by Working Groups

- IPv4 over IPv6 stateless tunneling test WG
- RPKI testing WG
- NTP attack prevention WG [currently being worked on]

BCOP at JANOG

JANOG33 meeting in Jan 2014

BCOP introduction to the JANOG community

What to document?

- Peering configuration
 - We have interest from the group and have a volunteer
- NTP
 - Working group will document
- We have 10+ volunteers who have material that they can contribute

Challenges

- Language
 - most will be written in Japanese
 - internationalization team?
- Organization and promotion within the community
 - Differences with 'JANOG comment'
- Ideas:
 - promote together with tutorial material
 - Loosely organized? do everything over mailing list?
 - BoFs, interim meetings?
- Objectives and milestones
- Preparing an introduction page

- about JANOG
 - [japanese] <https://www.janog.gr.jp/>
 - [english wiki(organized by volunteers)]
<https://www.janog.gr.jp/en>
 - Slides
http://www.apricot.net/apricot2013/assets/janog_1361774095.pdf
- JANOG comment (in Japanese)
 - <https://www.janog.gr.jp/doc/janog-comment/>
 - JC1000-JC1006
- JANOG34 meeting
 - Tutorials and BoFs July 16
 - Plenary July 17-18
 - Takamatsu City (1.5 hour flight from Tokyo)
 - Registration starts May 23

An aerial photograph of Takamatsu, Japan, showing the city built on a peninsula surrounded by water. The text is overlaid on the image.

JANOG34 Meeting in TAKAMATSU
2014.07.17-18
