

Action point roundup

Nigel Titley

RIPE 66 Action points

- AP66.4 [Piotr, NT13, WW144] To raise the issue of internationalisation with the NCC service working group chairs and also on the DB-wg mailing list

RIPE 67 Action Points

- AP67.1 [RIPE NCC] Report on known bugs in the RIPE database
- AP67.2 [RIPE NCC] Implement changes as already announced to the release process and monitor feedback from community.
- AP67.3 [WW144] To ensure that the next RIPE NCC Services Working Group (RIPE 68) includes a session on the operational aspects of running the RIPE Database.

RIPE 67 Action Points

- AP67.4 [WW144] Take the issue of geolocation to the RIPE NCC Services Working Group as it does not seem to be heavily used.
- AP67.5 [WW144] To check that the Anti-Abuse Working Group has properly specified both what should be done with mail that is sent to the abuse contact and (possibly) its format.

RIPE 67 Action Points

- AP67.6 [WW144] To bring to the attention of the Routing WG the fact that the routing data as recorded in the DB is generally very poor (Report by Alexander Azimov)
