Spearheading Internet technology and policy development in Africa

AFRINIC Update

Adiel A. Akplogan CEO, AFRINIC RIPE-68, Warsaw (Poland) May 2014

Key changes in 2013

- New Board structure
 - Abandon the elected alternate Directors
 - Non regional Boards
- Introduction of **Associate membership** in bylaws and derived associated fee structure
- Formally Introduced e-voting in bylaws and integrate e-voting in MyAFRINIC – successfully used during 2013 Board election.
- Launch AIS 400+ Participants for the first edition, with more than 12 separate sessions (AFNOG/AFRINIC/AFREN/ALAC/AfricaCERT, AFOPX/ICANN, etc..)

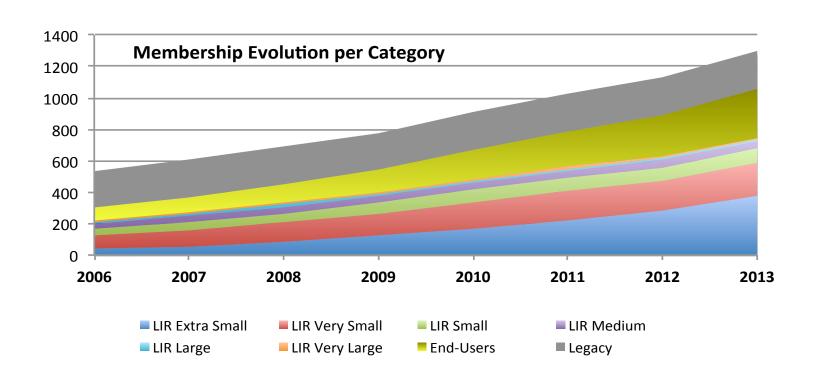

Interesting projects

- RPKI: Continue working on our RPKI service.
- **DNS Anycast** service for our infrastructure and extended to ccTLDs: More than 20 ccTLDs using the service now.
- WHOIS database clean up
- Routing Registry & Web update
- New WHOIS (Based on RIPE java code)
- Extension of MyAFRINIC to fully integrate Billing.
- New LIR enrollment portal (self assessment)

Membership Trend (Dec-2013)

2015-2018 Strategic Planning

- Community input (AFRINIC-19 and Members survey)
- Board & Staff Retreat (Jan 2014)
- First Draft report to be published soon during for comments (AFRINIC-20)

Join AFRINIC/ RIPE-NCC Board meeting in Mauritius
