Health and Safety

The Warsaw city centre is generally a very safe area with a strong police presence. However, as with any unfamiliar area, exercise a little extra caution.

The Praga district has a reputation as a rough area at night. We advise doing as the locals do and using a taxi to get in and out of that district as opposed to public transportation.

Pickpockets can sometimes be a problem, so be careful to hold onto your belongings when in a crowd or on public transportation.

Smoking

Smoking is prohibited in all workplaces, at transportation stations (including airports), on public transportation and in enclosed public spaces (including restaurants, nightclubs, bars and casinos).

Some enclosed spaces have separate smoking rooms or smoking areas.

Medical Services

We hope you will be happy and healthy during RIPE 68! However, should you become ill or need medical attention while in Warsaw, there are private hospitals and clinics available:

Carolina Medical Center
ul. Pory 78
02-757 Warsaw
Tel: +48 (0)22 355 82 00

Centrum Medyczne - LIM Center
Al. Jerozolimskie 65/79
00-697 Warsaw
Tel: +48 (0)22 458 7000

There are many pharmacies (apteka) in Warsaw, and several stay open all night. Details of these night pharmacies can be found in the ‘Supermarket’ section of the “Gazeta Wyborcza” newspaper (Polish only).

There is an all-night pharmacy at the central train station.

Important Numbers

If dialing from a mobile phone, always dial ‘22’ before a number.

Police: 997
Fire service: 998
Ambulance: 999
Emergency: 112

Bear in mind that most telephone dispatchers will not speak English.
Getting Around

Warsaw has an integrated public transport system (ZTM). The tram, bus and metro lines all use the same ticketing system.

Buying Tickets

Buy a ticket before boarding, or from the bus or tram driver while the vehicle is still at the stop. Tickets are sold at newsstands, hotels, post offices, metro stations and various general stores – look for a sign saying ‘Sprzedaż Biletów ZTM’.

Types of Ticket

A short-term travelcard valid for 20 minutes costs 3.40PLN. Alternatively, a single-fare transfer ticket costs 4.40PLN for one zone (valid for 75 minutes) or 7.00PLN for two zones (valid for 90 minutes), and can be used for an unlimited number of journeys within the time period specified. Also available are unlimited one-day travelcards for 15PLN and weekend travelcards for 24PLN. All of these include both day lines and night lines.

Remember to validate your ticket!
Feed your ticket (magnetic stripe facing down) into the little yellow machine on the bus or tram when you board, or at the metro station entrance gate before boarding.

Times

Main routes on the transport network operate from around 05:00 to approximately 23:00. Services are frequent and mostly reliable, but they can be crowded during rush hours.

On Friday and Saturday nights, the metro runs until 02:30.

After 23:00, several night bus routes link major suburbs to the city centre. The night bus service ‘hub’ is at ul. Emili Plater, next to the Palace of Culture & Science. Buses depart every 30 minutes.

Taxis

We advise using only the official ‘Radio-Taxi’ companies. Their cars are recognisable by the mermaid symbols and yellow/red stripes on the doors, and price information clearly displayed on the back window. It’s best to call a taxi in advance:

City Warsaw Taxi  194 59
Super Taxi            196 22
Tele Radio Taxi     196 27

Always type the prefix 22 when dialing a five-digit number on a mobile phone.

What About the Wódka?

Vodka has been a part of Polish tradition for hundreds of years. Here’s how to drink like a Pole:

1. Grab your buddies. In Poland, drinking is a public affair - always have a group of friends with you to share your vodka (and imminent hangover).

2. Don’t dilute! Vodka is drunk neat, chilled (but without ice) and usually in measurements of 50ml. Poles generally don’t drink vodka in cocktails or diluted with a mixer – to traditionalists, these practices are almost criminal!

3. Don’t forget the toast. The most common toast is “na zdrowie” (pronounced “naz-dro-v-yeh”), meaning “to health”.

4. Brace yourself! Vodka is always drunk in one gulp, or “do dna” (‘to the bottom’), regardless of size.

5. Take a break. While drinks are immediately refilled, take some time between each toast to sip some water or enjoy a Polish snack, like pickles or sausage.

6. Drink up! If you’re a guest in somebody’s home, your host will expect the bottle to be empty before you leave.

Wódka: From A to Ż(ytnia)

Polish vodka comes in a number of colours and flavours. Czysta (clear) vodka is not the only species of the vodka family. Clear vodka is the common choice for seasoned drinkers – Wyborowa is the finest of the wheat-based clear vodkas, and Żytnia the best of the rye-based ones. However, there’s a wide variety of vodkas - from super sweet to extra dry, including:

- **Myśliwska** (‘hunter’s vodka’, tastes similar to gin)
- **Wiśniówka** (flavoured with cherries)
- **Jarzębiak** (flavoured with rowan berries)
- **Cytrynówka** (flavoured with lemon)
- **Pieprzówka** (flavoured with pepper)
- The famous Żubrówka (‘bison vodka’, flavoured with grass from the Białowieża Forest where the bison feed)
